

LEAD is a business incubator

- Supporting and accelerating the development of startups with high growth and impact potential

We offer entrepreneurs with innovative and scalable ideas, from academy or industry, an effective business development process that turn ideas into **fast growing** companies.

You bring

- Idea & ambition
- Passion
- Time & commitment
- Hard work

The results are

- Market traction
- Business model validation
- Effective entrepreneurial execution
- Team alignment
- Investment readiness

We support you

- Training
- Business coaching
- Network
- Co-working space & community

Fast growing and sustainable companies

lead

Let's break it down

2007

LEAD were merged into one super incubator from two incubators that were founded in 2002.
